

SB-6 Shotblaster

The SB-6 Shot Blaster is your lightweight, portable solution for small to medium size jobs. It's various applications makes it one of the most versatile surface prep machines available. The SB-6 features an adjustable handle that allows you to pull or push the unit. This feature allows you the ability to blast in any corner including under shelving and machinery. The horizontally fed blast wheel design leaves a tapered blast edge pattern which eliminates any striping effect. By interchanging the rear liner the SB-6 can blast 4" and 5" line stripes in minutes. The SB-6 was designed to incorporate the liners and housing into one part giving you the ability to replace any and all wear components. When connected to the A-101 Pulse Vac, you achieve a virtually dust free shot blast system.

Shotblaster Applications

- *Garage Floor Prep
- *Basement Floors
- *Under Shelving
- *Line Stripes
- *Trim Work

SB-6 Specifications

<u>Production Capacity†:</u>	200 to 400 SFH (19 to 37 sqm/h)
<u>Cleaning Path:</u>	6" (15cm)(4" and 5" with adapter)
<u>Construction Material:</u>	Manganese
<u>Interchangeable Liners:</u>	ALL
<u>Wheels:</u>	3.5" Grey Poly
<u>Dimensions:</u>	Length: 16" (41cm) Height" 20" (51cm) Width: 14" (36cm)
<u>Weight:</u>	120 lbs. (54kgs)
<u>Motor:</u>	120V/17 Amp/3.4 HP (Standard) 220V/ 8 Amp/3.4 HP (Optional)
<u>Shot Capacity:</u>	15 lbs. (7kgs)
<u>Shot Impact Force:</u>	176 MPH (283km/h)
<u>Blast Clearance to wall:</u>	Side: 1.25" (3cm) Front: 10" (25cm) Rear: 6" (15cm)
<u>Seal System:</u>	Floater Plates & Brushes

Attached to the SB-6 Shotblaster with 1.5" Hose

†Production rates achieved will be affected by variables specific to each job site. These figures are not guarantees of performance. For proper operation, the shot blasting unit must be used in conjunction with an appropriate dust collector.

Always wear appropriate eye, ear and respiratory protection for the application, as specified by OSHA regulations and your employer. Never operate or maintain equipment before reading and understanding the instructions for operation and maintenance. Obey all safety signs and instructions while operating or maintaining equipment.
